

7th December 2023

Dear Parents and Carers,

KS2 SATs Revision Books

In preparation for the upcoming KS2 SATs, we will be taking orders for this year's highly-recommended CGP revision books for the Year 6 children to use both in school and at home. These books are extremely useful in helping students to prepare for their assessments. They cover all relevant topics with clear explanations, helpful examples and SAT-style questions and activities.

We recommend and have listed the four essential texts that each child should have access to, which can either be ordered individually or as a bargain bundle. There is an additional bundle option that includes everything essential and extra resources such as practice papers. Please see the (discounted) options below, tick whichever texts you would like us to order for your child and return the form along with the **exact cash** payment before **Friday 15th December 2023**.

Yours faithfully

Mr Bonallo and Mrs Pavlou
Year 6 Teachers

KS2 SATs Revision Books

- | | |
|--|-----------------------------------|
