Science Week 2024 – Monday 11th March

Dear Parents and Carers

This year's Science Week will be taking place on the week commencing 11th March. This year's theme is '**TIME**' and the children will be discussing what 'time' means to them and where we can see it in our day to day lives.

Please see the timetable below of fun events your children will be taking part in:

Day	Event
Monday/Tuesday	Trip to Ashmole Academy to watch fun experiments!
Wednesday	Key Stage assembly with Science challenges and a Superhero Show!
Thursday	Year group workshops on Silly Science with Professor Nitrate!
Friday	Dress Up Day / Experiment afternoon / Poster competition prize giveaway!

Dress Up Day

To celebrate the importance of Science Week, we would like to invite all pupils to dress up on **Friday 15th March 2023**. The theme of the dress up will be TIME so, the children should **dress-up as Historical figures from any period in time**. For example, Caveman/Woman, Ann Boleyn, Cleopatra, King Henry IIIV, WWII Soldier, Florence Nightingale, Napoleon, Julius Caesar, a Viking, a Roman, a Greek God etc.

Poster Competition

Students can get creative and enter the British Science Association's annual, UK-wide poster competition around the theme, 'TIME.' Their poster can be anything that links to the theme and details and examples are included in the Power Point Presentation attached to this email, and the British Science Association information sheet attached.
