

**TERM: Summer 1 and 2**

**YEAR: 6**

WEEK 1	OBJECTIVES	SUPPORT FOR LEARNING / GUIDANCE
	<ul style="list-style-type: none"><li>SATs revision as appropriate to the class</li></ul>	

WEEK 2	OBJECTIVES	SUPPORT FOR LEARNING / GUIDANCE
	<ul style="list-style-type: none"><li>SATs revision as appropriate to the class</li></ul>	

\* As all of the key objectives have been taught before SAT's, the summer term is intended to provide an even more creative approach to maths which can be linked with events in a typical year 6 calendar, e.g. productions and Summer fete's.

Ideas could include -

Addressing any remaining misconceptions

Securing written methods for the four rules

Transition units for secondary school

Enterprise- school fete, healthy schools, programme design and ticket sales (for a school production)

Money and finance - see pfeg website

Maths through story

Nrich investigations

Maths in the environment

Investigate a famous mathematician

Link to design and technology

Creating maths games

Maths through PE- relate to national/international sport events
