World Cultural Day - **27th June**

This month at Ashmole!

On 26th February we hosted our first PTA meeting with the wider school community.

We have been busy as a team, listening to the community and discussing future events to host. Year Group parties started this month and Year 2 kicked off the fun. Their evening was all about getting together with friends and enjoying each others company.

These Year group parties are for the children, and we welcome their ideas be it watching a movie, having a disco, playing games- they make the call!

On 23rd March, we launched **ACTIVE ASHMOLE**. It was lovely to lead over 15 families to Arnos Grove Park on scooters, bikes and walking.

We also look forward to our **Cycling Club** supporting our cycling events, watch out for further details....

"As our research has shown, there is a correlation between an active PTA and a happy and successful school. Plus, educational research on the involvement of parents in schools shows that children achieve higher levels when parents and teachers work together" So let's work together.

LOGO COMPETITION

Congratulations to **AYDEN in Year 5 Aquila Class** who won the PTA Logo Competition. Thank you for all those who entered and well done to our runners up as well! All entries have been displayed in the Library.
