

*An Ashmole Academy Trust School*

Head Teacher: Mr Chris Tofallis

12<sup>th</sup> November 2020

Dear Parents/ Carers,

### **Birthday Celebrations in School**

Due to the current Covid restrictions, we are aware that children are missing out on the opportunity to celebrate their birthday with family and friends. The well-being of our pupils is something that is extremely important to us at Ashmole Primary School and with so many changes to their home and school life we wanted to bring the excitement of celebrating their birthday back.

We would therefore like to give the children the opportunity to celebrate their birthday with their friends at our 'Class Birthday Parties.' On the last Friday of each month we will be holding a class birthday party, this will be to celebrate all of the children who have had their birthday during that month.

On this day, all of the children will have their packed lunch or school meal as usual. During the afternoon, we will organise a variety of fun party games/activities, decorations, snacks and we will also provide a small birthday cake for each of the children celebrating their birthday. All of the party costs will be covered by the school. The children must still wear their school uniform as normal.

The children that have already had their birthday in September or October will not miss out! They will celebrate their birthday during this month's birthday party along with the 'November children.'

We hope that this will allow all of the children to celebrate their birthday with their friends in a safe and fun way. We cannot wait to begin planning and celebrating with you!

Kind regards

Miss Costas
