

Dear Healthy Schools London colleague,

We hope that you and your families are well during this difficult time. The HSL Team, as with all other City Hall staff are following Government advice and working from home where possible to help slow down the spread of coronavirus. The situation with school closures is unprecedented and many schools, young people and their families will be concerned not only about keeping healthy and following government guidance but about how they get through this period of uncertainty in a positive way. The HSL Team will continue to support the [Local Healthy Schools Leads](#) across all London Boroughs who should be your main point of contact for Healthy Schools work. We are adapting the HSL team's work and our Network to focus on the response to Coronavirus.

### **Congratulations**

We are delighted to attach a PDF of your certificate for the achievement of the Healthy Schools London Bronze Award and would like to congratulate you on supporting the health and wellbeing of your school community and for creating a health promoting environment and ethos for your pupils and staff. Once the team are back working from the office we will send out a printed certificate and a frame for you to display it in your school.

### **Healthy Schools London logo and Bronze Shield logo**

Please find attached the following:

- Healthy Schools London logo
- Bronze Award Shield logo

Thank you again for taking the time to engage with Healthy Schools London and we look forward to continuing our work with you and your school.

It goes without saying that the Mayor is hugely grateful to those Londoners like yourselves who are working tirelessly to support London's families and key workers.

Stay safe and well and very best wishes

Charlotte Kedge, Gemma Rodgers, Alison Stafford
