

ASHMOLE PRIMARY SCHOOL

SEN Newsletter

End of another year.

It's July already and time for our summer holiday.

I have included some hints and tips for a peaceful break on the final page.

We hope that when we return in September things will be back to 'normal' and we all understand at **Ashmole Primary School** how important that is for all our pupils but especially our pupils with additional needs.

Thank you again for your continued support. Have a fantastic summer holiday, have fun and we'll see you in September.

Mrs Toal SENCO

SEN Parent Meetings

Thank you to all the parents and children who were able to attend the new reception intake SEN transition visits this term. It was lovely to see you all and share the environment your child will be learning in for next year.

We really appreciate your time and support.

If your child is already at Ashmole Primary
School and you would like to make an
appointment with your child's new teacher in
September please make an appointment
through the office and we can discuss the new
support plans and the transition to the new
class.

Further resources & support Therapies Update event for Parent/ Carers

There will be two 'virtual' sessions for parent carers in Barnet to update on therapies (Speech and Language therapy; Occupational therapy and Physiotherapy)

The sessions will be held on: Monday 19th July Session 1: 1pm – 1.45pm
Session 2: 6.30pm – 7.15pm

Content of the sessions will be the same The sessions will be hosted by managers from the Clinical Commissioning Group (CCG), the local authority, BELS and provider. Please see flyer for links to meetings.

A really useful set of social stories to share with children, covering topics ranging from coping with a new baby in the family to getting a haircut to making friends.

The summer break is a time children often look forward to because it means a rest from school for a few weeks.

No strict schedules - no classes -no homework. However, for some children this change in routine can be difficult. Autism Parent Magazine have some tips to help the summer holidays be as stress-free as possible:

- 1. Plan ahead This can often help children adjust to changes easier, and it helps to know what is going to happen next. Some parents provide a visual or written schedule and then try to stick with it as much as possible.
- 2. Use timers/alarms Using timers that have a visual cue can be useful if children are not yet able to the tell the time independently. For example, if you are leaving the house in 15 minutes, a countdown timer can help regulate the time left until the change in routine.
- 3. Use social stories These are a great way to introduce and explain concepts and situations in a visual form. Social stories may increase the child's understanding of a social concept and can help the child understand what is going to happen. By letting your child know ahead of time what is going to take place, the potential anxiety and stress associated with the activity may decrease. For more information on social stories visit https://www.autism.org.uk/advice-and-guidance/topics/communication/communication-tools/social-stories-and-comic-strip-coversations
- 4. Allow extra time When creating a schedule, it is important to remember that each activity/event may not start at the exact time, so it is useful to allow extra. If timing is problematic then times can be left out, with just a list of tasks/activities in order.
- 5. Introduce your child to new places or activities If you are going somewhere new, it may be useful to introduce your child to these beforehand. For example, you could visit the place before, or if that's not possible, then look at the website and pictures together.

Stay safe and have fun.
