		groups of objects and subfraction to taking away.	po. 04001011 111011 411101110.	

 \checkmark To begin to use everyday language related to

- ✓ To begin to identify own mathematical problems.
 Numerical patterns:
- ✓ To be able to talk about shapes or arrangements in their constructions.
- ✓ To be able to use shapes appropriately for tasks e.g. using the correct bricks or using the correct shapes for facial features.
- ✓ To be able to talk about the shapes of everyday objects using words such as round and tall.
- ✓ To be able to use mathematical terms to describe shapes.
- ✓ Select, rotate and manipulate shapes to develop spatial reasoning skills.
- ✓ To be able to select a named shape
- ✓ To be able to describe their relative position, such as behind or next to.
- ✓ To be able to order two items by weight or capacity, using appropriate language.
- ✓ To be able to order two or three items by length or height, using appropriate language.
- √ To be able to use familiar objects and common shapes to create and re-create patterns and build models.
- √ To order and sequence familiar events.
- ✓ To be able to measure short periods of time with a non-standard unit.
- ✓ To be able to sort objects and talk about the sorting.
- \checkmark To use everyday language related to time.

- To be able to construct with a purpose in mind, using a variety of resources.
- To be able to use a variety of simple tools and techniques competently and appropriately.
- ✓ To explore colours and how they can be changed by mixing powder paints.
